## 'SHAKEDOWN' AT DODGE GALLERY (PHOTOS)

By Evan Garza

With the summer equinox behind us, that can only mean one thing: summer group shows. Capping off their inaugural year in business, New York's **DODGE gallery** on the Lower East Side recently opened with one of our summer favorites. *SHAKEDOWN*, featuring work by the gallery's roster and invited artists, is a veritable 'who's who' of emergent talent from Boston and New York, including work by **Jane Fox Hipple**, **Laurel Sparks**, **Taylor Davis**, **Robert de Saint Phalle**, **Environmental Services**, and several others.
